

Special Olympics Texas

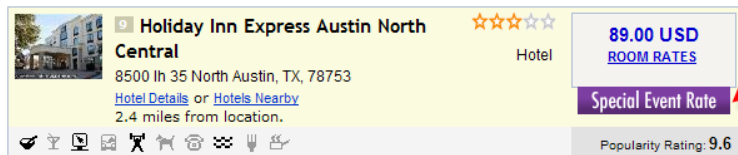

Hotel FAQ

How do I make a reservation?

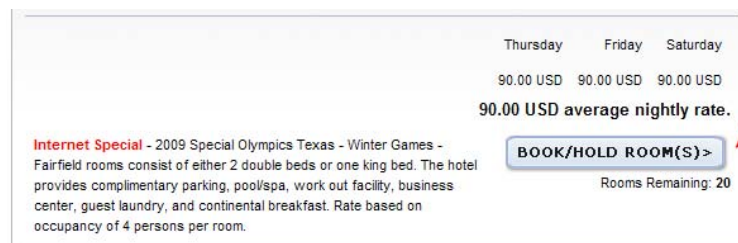

Simply log on to www.sotx.org and click on the **Competitions** tab and find the event for which you are securing rooms. The website is set to display a Google Map centered on the Athlete’s Village. Underneath this map is a series of hotels that have provided severely discounted rates for all Special Olympics attendees.

Find the right hotel for your team/delegation and click on the **Special Event Rate**. You now have two options: secure your individual reservations or place a series of rooms on hold.

To Book a room(s): Click the ‘Book or Hold’ button and then fill in all applicable information – Name, Special Requests, Credit Card #

To Hold a room(s): At the bottom of the **Summary of Charges** section is a link to **“place rooms on hold.”** Click on this link and simply fill in your contact information and how many rooms should be set aside.

At this point in time, no credit card is needed. An email is generated with a link for you and your team/delegation to click and reserve a room. Most teams will forward this email to individuals for them to make a reservation.

Who do I contact if I have any questions?

For any questions related to securing hotel reservations please contact Austin Hospitality.

What is the benefit of this new technology?

Special Olympics realized that securing large blocks of hotel rooms can sometimes be a hassle. The company bringing us this new technology, *Austin Hospitality*, has visited every hotel and selected those properties that provide the best rates and amenities for Special Olympics attendees.

Now, you no longer have to search and negotiate rates – simply click on www.sotx.org and book/hold your rooms.

Here are some other great features:

- You can view your team/delegations rooming list online and see who has made their reservations. For us at Special Olympics, we now can see where all athletes are staying which will make registration run smoother.
- Technology is always on hand and will guarantee that you can make your reservations at any hour of the day
- Best news of all – **Every reservation secured through our website generates money for Special Olympics Texas.**
